- 125mm castors
- Standard mattress platform 2000mm between head and footboards with optional 175mm Extension Kit and Bolster.
- 900mm wide “smoothline’ mattress platform
- Ultra quiet operation using quality LINAK electrics
- 250kg Safe Working Load
- Auto contour and lock out remote controls
- 10 year warranty on steel frame, 3 years on most other parts
- Colour “Vanilla” (Cream)
- CE Complianced and Designed to meet TGA, AUS/NZ OH&S Codes & Standards

Protean 3 Benefits

- Best ‘NO LIFT” practice; designed to prevent falls, minimise restraint and reduce liability and litigation risk
- Lower pedestal end and covers allowing clear ‘patient head access’ through the pedestal end
- Improved infection control through Smoothline mattress platform; ABS covers close ‘seal’ at top and smooth, clean lines on pedestal extrusions
- Carers and person in bed have better ‘line of sight’ through lower bed ends
- Mattress platform with split centre section to enable flat folding for transport and storage
- New strong hinging for simple folding
- Pedestal end extrusions powder coated to colour match bed
- Cardiac chair position when fitted with optional Kneebreak

Protean 3 Options and Accessories

- Kneebreak
- Battery Backup
- Premium Dual Wheel Castors
- Side Rails—not recommended
- IV Pole
- Self Help Pole
- Wall Bumper Bar
- ‘Push’ Handle – fits between pedestal end caps – three positions – folds down and out of the way when not in use – can be fitted to either end of the bed, can double as document holder
